

## **Resilient Queensland**

**Lyrics and Music by Stephanie Gill © 13 January 2011**

V1

Queensland, the home of the 4 minute shower  
A land so thirsty for years and years  
Today the drought's just a distant memory  
Replaced by flooding rain, we all feel the pain

**CHORUS**

And Anna says....  
You may break our hearts, but you won't break our will  
Together we'll pull through, we ain't run of the mill  
We weep for what we've lost, grieve for family and friends  
We're Queenslanders, we just get up and go again

V2

Relentless rain for months on end  
The ground so sodden, it couldn't take anymore...no more  
Rockampton, Bundaberg, Chinchilla and Condamine  
Brisbane and Toowoomba – sad headlines

**CHORUS**

You may break our hearts, but you won't break our will  
Together we'll pull through, we ain't run of the mill  
We weep for what we've lost, grieve family and friends  
We're Queenslanders, we just get up and go again

Bridge

Mother Nature lashed right out  
But Queensland we'll unite  
There's no doubt.

**CHORUS**

And Anna says.....  
You may break our hearts, but you won't break our will  
Together we'll pull through, we ain't run of the mill  
We weep for what we've lost, grieve family and friends  
We're Queenslanders, we just get up and go again  
Watch our spirits soar
